We're back! After 5 annual live surgical workshops, 1000s of happy delegates, innumerable happy patients cured of their ear diseases, we welcome you once again to the garden city of Bangalore for the 6th annual International live otology surgery workshop "Finesse in Otology". The tiny space of the middle ear is filled with intricate structures which make ear surgery the most complex procedures to perform

"The certainty of the anatomist and the dexterity of the artist are alike essential to success in operations on the temporal bone"

Charles Ballance

The delicate movements required to clear disease around the middle ear can be likened to the gently strokes of the paintbrush that the artist uses to paint his canvas. It takes a whole lot of precision, experience and the skill to reach every nook and corner of the middle ear, and this is what I would like to share with all my delegates with this year's surgical conference.

As always, theoretical concepts, radiology and surgeries will be demonstrated back-to-back to ensure better understanding of the concepts related to otology. All surgeries will be transmitted live via 4K UHD video.

Through this workshop, I wish to inculcate the invaluable teachings of my beloved teacher Dr A. Mahadevaiah to the next generation of ENT surgeons.

I immensely thank all the 1144 delegates who attended last year's conference and made it a grand success. I expect all the delegates who had attended the past 4 annual conferences to attend this event along with their friends and colleagues and I am sure that the mutual exchange of ideas and knowledge will be of immense benefit to everyone.

Looking forward to meeting you all in Bangalore.

Dr A. Mahadevaiah

Otology 25 (2017)

Cholesteatoma (2018)

FNTS (2019) 3D Projection

ReVision 2020 (2022)

Otology 30 (2023)

Day-1 7th June 2024

09:00 am to 09:15 am

Lighting the Lamp : Dr. Deepak Haldipur
(Past President, AOI)

Welcome Address : Prof. Dr. H. Vijayendra

09:15 am to 09:45 am

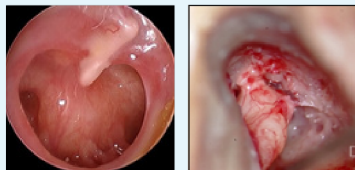

Lecture : Epitympanotomy – An important tool in an otologist’s arsenal

Prof Dr H Vijayendra

09:45 am to 12:00 pm

Live Surgery : Central perforation with moderate / severe conductive hearing loss

Prof Dr H Vijayendra

Prof. Maurizio Barbara

Professor and Chairman of Otorhinolaryngology NESMOS University Rome, Italy

12:00 pm to 12:30 pm

Dr A. Mahadevaiah Oration

Lecture : Implantable hearing devices

12:30 pm to 1:00 pm

Inaugural

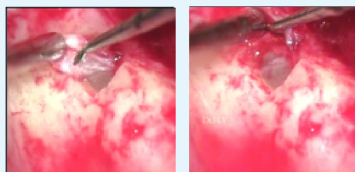

01:00 pm to 1:30 pm

Working Lunch

01:30 pm to 03:30 pm

Live Surgery : Cholesteatoma with Lateral semicircular canal fistula

Prof Dr H Vijayendra

03:30 pm to 03:50 pm

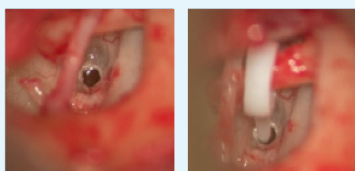

Lecture : Roadblocks enroute a successful stapedotomy

Dr Vinay Kumar Vijayendra

03:50 pm to 04:20 pm

Our results speak! 1 year follow up of our patients operated in Otology 30

Prof Dr H Vijayendra

04:20 pm to 05:20 pm

Live Surgery : Stapedotomy

Dr Vinay Kumar Vijayendra

05:20 pm to 06:20 pm

Live Surgery : Mastoidectomy with tympanoplasty

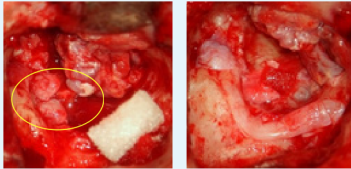

Dr Sangeetha R

06:20 pm to 07:00 pm

Live Surgery : Isolated congenital ossicular anomaly

Prof Dr H Vijayendra

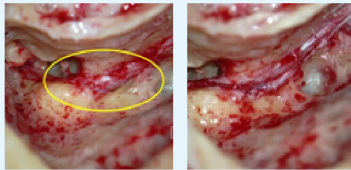

8:30 am to 9:00 am

Lecture : Imaging protocol in facial nerve disorders
Dr Ramachandra, Radiologist

9:00 am to 12:00 pm

Live Surgery : Facial nerve grafting – Dr Vijayendra's sutureless grafting technique
Dr Vinay Kumar Vijayendra

12:00 pm to 12:30 pm

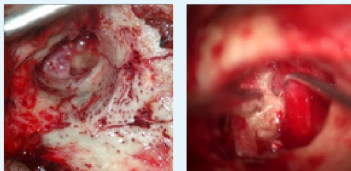

Lecture : Unrecovered Bell's palsy – A myth resolved
Prof Dr H Vijayendra

12:30 pm to 2:30 pm

Live Surgery : Unrecovered Bell's Palsy – Transmastoid facial nerve decompression
Prof Dr H Vijayendra

01:00 pm to 01:30 pm

Working Lunch

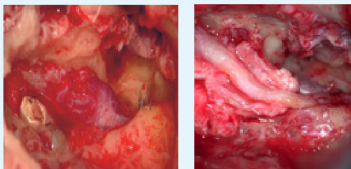

02:30 pm to 04:30 pm

Live Surgery : Transcanal facial nerve decompression for traumatic facial nerve palsy
Dr Vinay Kumar Vijayendra

04:30 pm to 05:00 pm

Lecture : Bringing back the smile – Long term results of our facial nerve surgeries
Prof Dr H Vijayendra

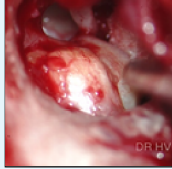

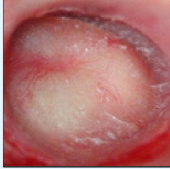

05:00 pm to 06:30 pm

Live Surgery : Facial Nerve Schwannoma excision
Prof Dr H Vijayendra

07:00 pm onwards - GALA DINNER

Day-3 9th June 2024

08:30 am to 09:00 am

Lecture : Classification and management of congenital cholesteatoma

Prof Dr H Vijayendra

09:00 am to 11:30 am

Live Surgery : Congenital cholesteatoma

Prof Dr H Vijayendra

11:30 am to 12:00 pm

Lecture : Classification and surgical management of tympanosclerosis

Prof Dr H Vijayendra

12:00 pm to 2:00 pm

Live Surgery : Tympanosclerosis

Prof Dr H Vijayendra / Dr Vinay Kumar Vijayendra

01:30 pm to 02:00 pm

Working Lunch

02:00 pm to 04:00 pm

Live Surgery :
Tympanomastoid Paraganglioma

Prof Dr H Vijayendra

04:00 pm to 04:15 pm

Lecture : Tuberculosis Otitis Media – A diagnostic challenge.

Dr Sangeetha R

04:15 pm to 05:15 pm

Live Surgery : Grade III attic retraction pocket

Prof Dr H Vijayendra

05:15 pm to 06:00 pm

FACE TO FACE live show with

Prof Dr H Vijayendra
