We are delighted to announce the 7th edition of our much anticipated annual live surgical otology workshop. We are overwhelmed with the support and encouragement we have received for the previous 6 editions of the conference and we are striving hard to make each edition better than the previous.

“Surgery is Art- the only difference is we have to anticipate the canvas reaction to our strokes”

The delicate movements required to clear disease around the middle ear can be likened to the gentle strokes of the paintbrush that the artist uses to paint his canvas. It takes a whole lot of precision, experience and the skill to reach every nook and corner of the middle ear, and that is what I would like to share again with all my delegates with this year's surgical conference.

Each year we curate a surgical list with common and rare cases, this mix inspires many young ENT doctors to pursue Otolaryngology as their field of interest and helps seniors to tackle on table challenges.

On popular demand, this year, we also have an entire day dedicated to cholesteatoma surgeries. Through this workshop, we aim to dispel the myths and controversies associated with this disease and teach all the delegates the important principles, tips and tricks to ensure complete clearance of this aggressive disease.

As always, theoretical concepts, radiology and surgeries will be demonstrated back-to-back to ensure better understanding of the concepts related to otology. All surgeries will be transmitted live via state-of-the-art 8K resolution camera!

This conference is dedicated to my beloved teacher and mentor Dr A Mahadevaiah whose legendary skills, techniques and passionate teaching revolutionised the field of otology in India.

I immensely thank all my dear friends and colleagues who have turned up in large numbers every year and I am sure that number will continue to grow every year.

Looking forward to meeting you all in Bangalore and I promise you that you will go back home with a renewed sense of confidence and belief to tackle all the challenges in otology ,with finesse .

Dr A. Mahadevaiah

**First of its kind.
Enjoy the immersive
8k experience**

Thanking you

Prof. Dr. H. Vijayendra Honnurappa
Course Director – Finesse in Otolaryngology 2

Dr Vinay Vijayendra
Course Director – Temporal Bone-anza 4.0

9:00-9:15AM

Lighting the lamp by **Dr. Deepak Haldipur**
(Past President - AOI)

Welcome Address by **Prof. Dr. H. Vijayendra**

9:15-9:45AM

Lecture: Bony ankylosis of malleus
Prof. Dr. H. Vijayendra

9:45-12:00PM

Live Surgery: Incudo-Malleal joint fixation
Prof. Dr. H. Vijayendra

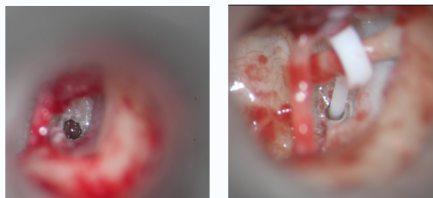

Prof. Dr. Prepageran Narayanan - Malaysia
Senior Consultant -ENT
University of Malaya
Malaysia

12:00-12:30PM

Dr. A. Mahadevaiah Oration lecture:
Navigating and avoiding complications in
otology and posterolateral skull base surgery

12:30-1:30PM: Inaugural

1:00-1:30pm: Lunch

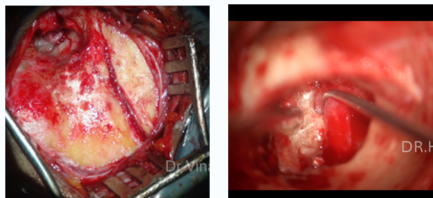

1:30-3:00PM

Live Surgery: Stapedotomy
Dr. Vinay Vijayendra

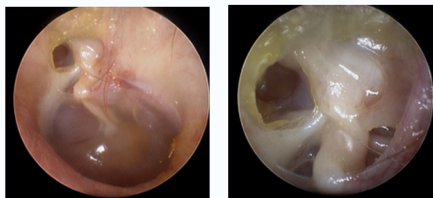

3:00-3:30PM

Lecture: Our results speak ! 1 year follow up of
patients operated in Finesse in Otology
(2024) **Prof. Dr. H. Vijayendra**

3:30-5:30PM

Live Surgery: Traumatic facial nerve palsy -
Transcanal facial nerve decompression
Dr. Vinay Vijayendra

5:30-7:30PM

Live Surgery: Grade III Attic retraction pocket
Prof. Dr. H. Vijayendra

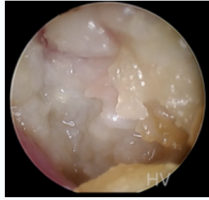

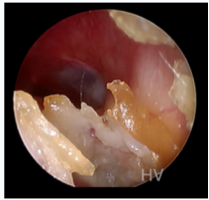

8:30-9:00AM

Lecture: Factors responsible for failure in cholesteatoma surgery - **Prof. Dr. H. Vijayendra**

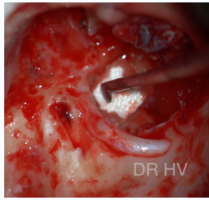

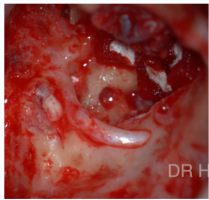

9:00-12:00PM

Live Surgery: Extensive cholesteatoma - Subtotal Petrosectomy - **Prof. Dr. H. Vijayendra**

12:00-1:30PM

Live Surgery: External auditory canal cholesteatoma - **Prof. Dr. H. Vijayendra**

1:30-4:30PM

Live Surgery: Cholesteatoma with lateral semicircular canal fistula - **Dr. Vinay Vijayendra**

4:30-5:00PM

Lecture: Interesting cases of Congenital Cholesteatoma - **Prof. Dr. H. Vijayendra**

5:00-7:00PM

Live Surgery: Congenital Cholesteatoma
Prof. Dr. H. Vijayendra

7:00PM onwards - GALA DINNER

8:30-9:00AM

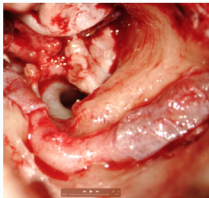

Live Surgery: Pre auricular sinus excision-
Vijayendra's technique- **Prof. Dr. H. Vijayendra**

9:00-10:00AM

Quiz the master (Prof Vijayendra) -
Disease,dynamics and beyond – Hosted by
Dr. D.S Deenadayal (Hyderabad)

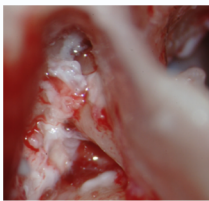

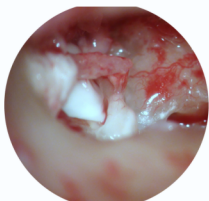

10:00-10:10AM

Lecture: Facial nerve decompression results
Prof. Miriam Redleaf - University of Illinois,
Chicago, USA

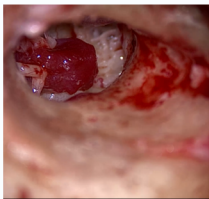

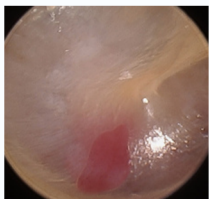

10:10-1:30PM

Live Surgery: Latrogenic facial nerve palsy -
Facial nerve grafting and facial reanimation
Prof. Dr. H. Vijayendra / Dr. Pradeep N

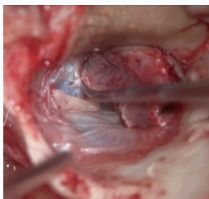

1:30-3:00PM

Live Surgery: Tympanosclerosis-
Prof. Dr. H. Vijayendra

3:00-4:30PM

Live Surgery: Tympanomastoid
paraganglioma excision
Prof. Dr. H. Vijayendra

4:30-5:15PM

Live Surgery: Mastoidectomy and tympanoplasty
Dr. Sangeetha. R

5:15-6:00PM

Face to Face with **Prof. Dr. H. Vijayendra**

#1, 9th cross, off Margosa Road, Malleshwaram, Bangalore - 560003
