The past 7 editions of our annual otology workshop have been immensely fulfilling to me as a teacher and it is always great to see young otologists doing good otology work and improving their results in ear surgery. Encouraged by the enthusiasm and feedback, we are delighted to announce the 8th edition of our much anticipated annual live surgical otology workshop “Finesse in otology 2026”.

“Surgery is Art- the only difference is we have to anticipate the canvas reaction to our strokes”

Clearing disease from the middle ear requires a level of intricacy akin to an artist’s brushstroke. Just as a painter masters every inch of the canvas, a surgeon relies on precision and years of experience to navigate the intricate anatomy of the middle ear. At this year’s conference, I look forward to sharing these nuances of surgical artistry with all our delegates. Each year we curate a surgical list with common and rare cases, this mix inspires many young ENT doctors to pursue Otolaryngology as their field of interest and helps seniors to tackle on table challenges. On popular demand, this year, we also have an entire day dedicated to management of retraction pockets.

It is our earnest endeavour to make every edition of our conference better than the previous. This year we have a brand new venue for our event, the recently opened state-of-the-art **U.R Rao Bhavana auditorium** housed within the Jawaharlal Nehru Planetarium campus.

This conference is dedicated to my beloved teacher and mentor, Dr A Mahadevaiah whose principles, surgical techniques and zeal for teaching, revolutionised the field of otology in India.

I immensely thank all my dear friends and colleagues who have turned up in large numbers every year and I look forward to meeting you all in Bangalore once again. I assure you that you will all go back home with fresh perspectives and lots of learning which will help you tackle all the challenges in otology, with finesse.

Dr A. Mahadevaiah

**Enjoy the immersive
8k experience**

Thanking you

Prof. Dr. H. Vijayendra Honnurappa
Course Director – Finesse in Otolaryngology

Dr Vinay Vijayendra
Course Director – Temporal Bone – anza 5.0

9:00-9:15AM

Lighting the lamp by **Dr. Deepak Haldipur**
(Past President - AOI)

Welcome Address by **Prof. Dr. H. Vijayendra**

9:15-9:45AM

Lecture: An interesting case of Adhesive otitis media

Prof. Dr. H. Vijayendra

9:45-12:00PM

Live Surgery: Central perforation with severe conductive hearing loss

Prof. Dr. H. Vijayendra

Padmashree Prof. Mohan Kameswaran

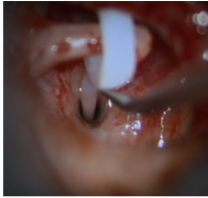

Managing Director & Senior Consultant of Madras ENT Research Foundation

12:00-12:30PM

Dr. A. Mahadevaiah Oration lecture: Auditory Neural prostheses – A window to the brain – Padmashree Prof Mohan Kameswaran

12:30-1:00PM: Inaugural

1:00-1:30PM: Lunch

1:30-2:00PM

Lecture: Hurdles during stapes surgery

Prof. Dr. H. Vijayendra

2:00-3:30PM

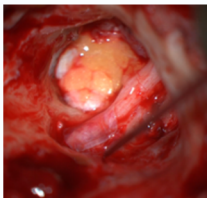

Live Surgery: Stapedotomy

Dr Vinay Vijayendra

3:30-4:30PM

Lecture: Our results speak ! 1 year follow up of patient operated in Finesse in Otology 2 (2025)

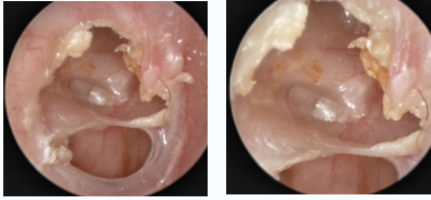

Prof. Dr. H. Vijayendra

4:30-7:00PM

Live Surgery: Facial nerve grafting & SMILE procedure with temporalis tendon transfer

Prof. Dr. H. Vijayendra / Dr Pradeep Kumar (Plastic surgeon)

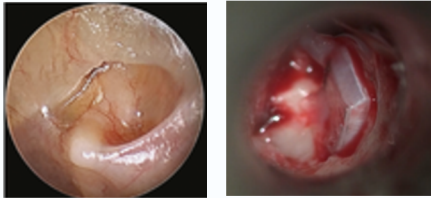

8:30-9:00AM

Lecture: Classification and surgical management of retraction pockets
Prof. Dr. H. Vijayendra

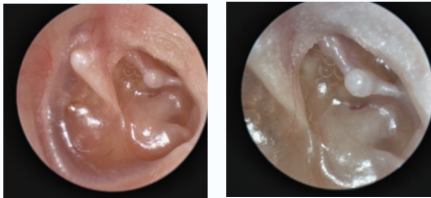

9:00-12:00PM

Live Surgery: Grade IV Attic retraction with cholesteatoma - **Dr Vinay Vijayendra**

12:00-1:00PM

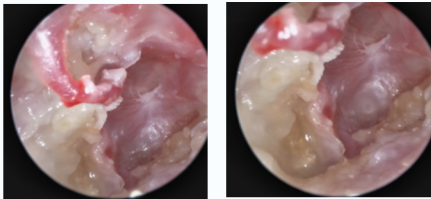

Live Surgery: Grade II Attic retraction - **Prof. Dr. H. Vijayendra**

1:00-1:30PM: Working Lunch

1:00-3:00PM

Live Surgery: Adhesive otitis media
Prof. Dr. H. Vijayendra

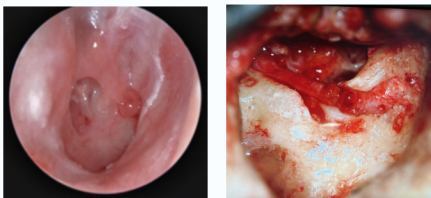

3:00-3:30PM

Live Surgery: External auditory canal cholesteatoma - **Dr. Vinay Vijayendra**

3:30-4:00PM

Lecture: Otologic imaging made easy
Dr Michael Sitima (Kenya)

4:00-6:30PM

Live Surgery: CSOM with iatrogenic facial nerve palsy with Lateral semicircular canal fistula - **Prof. Dr. H. Vijayendra**

7:00PM onwards - GALA DINNER

8:30-9:00AM

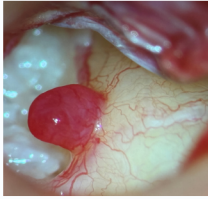

Live Surgery: Pre auricular sinus excision-
Vijayendra's technique - **Prof. Dr. H. Vijayendra**

9:00-9:15AM

Lecture - Interesting case of concurrent
congenital cholesteatoma with cholesterol
granuloma - **Dr Vinay Vijayendra**

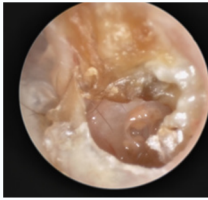

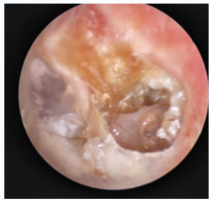

9:15-10:15AM

Quiz the master - Precision, Pearls and Pitfalls.
Dr. D.S. Deenadayal

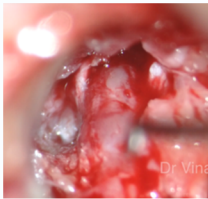

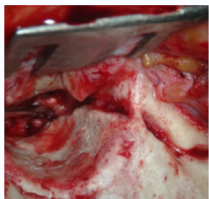

10:15-11:15AM

Live Surgery: Tympanomastoid
paraganglioma excision
Prof. Dr. H. Vijayendra

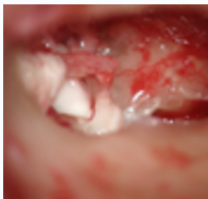

11:15-2:15PM

Live Surgery: Secondary acquired
Cholesteatoma - **Prof. Dr. H. Vijayendra**

2:15-4:00PM

Live Surgery: Transcanal facial nerve
decompression for traumatic facial nerve
palsy - **Dr. Vinay Vijayendra**

4:00-5:30PM

Live Surgery: Tympanosclerosis
Prof. Dr. H. Vijayendra / Dr Sangeetha

5:30-6:00PM

Face to Face with **Prof. Dr. H. Vijayendra**

#1, 9th cross, off Margosa Road, Malleshwaram, Bangalore - 560003
